

# Simchat Torah Activities

(Courtesy of URJ Website)

**Make Flags** Use for marching around with the Torah. An easy method is to use foam sheets and self sticking foam shapes (now available at dollar stores) for the flag and attach them to wooden dowels with heavy tape.

**Make a wearable mantle** (Torah cover). Using an old bed pillow cover for each child, cut a hole for the head in the end opposite the opening and two arm holes near the top of each side. Let each child use a variety of materials to decorate their mantle. Wear them to march with the Torahs.
